

GEORGIA SOUTHERN UNIVERSITY  
*University System of Georgia*  
**Lecturer (NTT)**  
**Search #59291**  
**College of Science and Technology**  
**Department of Biology**

The Department of Biology in the College of Science and Technology invites applications for a non-tenure track instructional faculty position as a Lecturer. Georgia Southern University (<http://www.georgiasouthern.edu>), a member institution of the University System of Georgia and a Carnegie Doctoral/Research University, is one of Georgia's premier universities. A residential university serving more than 19,000 students in fall 2010, Georgia Southern is recognized for providing the benefits of a major university with the feeling of a much smaller college. Founded in 1906, the University offers more than 100 campus-based and online degree programs at the baccalaureate, master's, and doctoral levels through eight colleges. The nearly 700 acre park-like campus is located in Statesboro, a classic Main Street community near historic Savannah and Hilton Head Island.

Within this setting, the Department of Biology consists of a diverse faculty of teacher-scholars involved in a wide spectrum of activities from molecular to ecological studies on the coastal plain and throughout the world. The Department provides undergraduate and graduate students with a challenging education that is research-based and technology-oriented. We provide a foundation for life-long learning and appreciation of biological processes and biological diversity through teaching, research and outreach.

Position Description. Nine-month Lecturer position requires teaching responsibilities and a terminal degree. The position will teach non-majors and introductory majors courses. The position will begin on 1 August 2011. This is a non-tenure track instructional faculty appointment. Salary is competitive and commensurate with qualifications and experience.

Required Qualifications:

- Ph.D. in the Biological Sciences by 31 December 2010
- One year full-time biology teaching experience at the undergraduate college level
- Evidence of successful teaching in biology at the university level
- Strong communication skills

Preferred Qualifications:

- Experience with large-enrollment courses
- Experience with on-line course development

Email/postmark completed applications by 29 October 2010. A complete application consists of a letter addressing the qualifications cited above; a curriculum vitae; an abbreviated teaching portfolio ( $\leq 10$  pages) with a teaching philosophy, statement of teaching interest, description of courses taught in the last 5 years including dates and role in course, and exemplary teaching products; and three letters of recommendation. Letters of recommendation in PDF format may be sent via email. Applications may be sent via email (preferred) with the entire packet as a single PDF formatted attachment (include applicant name in file name).
